# METALWORKS™ COLOURS AND FINISHES

## Powder Coat Colours

Electro-statically applied and oven cured, powder coat finishes have a greater film thickness than wet paint applications or products manufactured from pre-painted steel coil, and give a more durable and impact resistant surface. Powder coat finishes are UV stable, do not support micro-biological growth and are easily cleaned.

### Standard colours

Global White

Satin White

### Special colours

It is recommended that colours are selected from the Interpon or Dulux range

## Wood Effects

Wood Effects combines the attractiveness and exclusivity of a natural wood surface with all the advantages of a metal ceiling.

Light Bamboo

Dark Bamboo

Walnut

Dark Walnut

Cherry

Dark Cherry

Oak

Maple

Light Maple

### Key attributes:

- Suitable for prestigious high end projects
- 9 Wood Effects available
- Available for all MetalWorks systems
- Perforated or unperforated
- For other Wood Effects or custom solutions, please contact your Armstrong Office.
